

Gene Expression Center NimbleGen Hyb. Station Use and Scheduling policy

The GEC reserves first right to equipment use, and in the event of a conflict you will be contacted.

Please indicate the number of bays you will use when signing up. If you will need to hybridize your arrays at a Temperature other than 42°C please sign up for the full 12 bays, and indicate the temperature on the calendar.

When scheduling time please include, your name, P.I.'s name, phone # where you can be contacted at, hybridization temp if not 42°C , and the number of bays you will be using in the "What :" Field for Google Calendar

Please be sure you have selected the correct calendar when signing up. Your personal Google calendar is generally the default calendar selected.

Abuse of scheduling and inappropriate use of instrumentation may result in revocation of instrumentation access.
